

## Aluminium Marine Welder

[Apply Now](#)

Company: Ateca Consulting

Location: Al Ain

Category: healthcare-practitioners-and-technical

Job Opportunity: Aluminium Marine Welder

Location: United Kingdom

Are you a skilled Aluminium Welder with a passion for marine engineering We're looking for dedicated professionals to join our team! This role involves working on aluminium boats, and marine experience would be advantageous.

### Key Responsibilities:

- Blueprint Interpretation:** Read and interpret blueprints, technical drawings, and welding specifications to determine the appropriate welding process and procedure.
- Equipment Setup:** Set up welding equipment and select the proper welding methods based on the type and thickness of the aluminium being welded.
- Surface Preparation:** Clean and prepare metal surfaces for welding by removing any impurities or contaminants.
- Welding Operations:** Operate welding equipment such as MIG, welding aluminium components together to meet project specifications.
- Quality Monitoring:** Monitor the welding process to ensure that it meets quality standards and specifications.
- Inspection and Rework:** Inspect welded joints to identify any defects and perform rework as necessary to maintain high-quality standards.
- Safety Compliance:** Follow safety guidelines and procedures to prevent accidents and

ensure a safe working environment.

- Collaboration: Collaborate with other members of the production team to complete welding projects within specified deadlines.

Qualifications:

- Previous experience in marine welding is advantageous.
- Physical fitness, capable of working in confined spaces.
- Ability to work 12 hours a day in tough conditions.

If you're ready for a challenging and rewarding career in marine welding, we want to hear from you!
