[Apply Now](#)

Company: Unilever

Location: Dubai

Category: other-general

1- Arabia Supply Chain Planning Manager

Job: Full Time

Location: Dubai, UAE

Job Responsibilities:

Leading Arabia S&OP, ensuring that “One aligned number” flows across all systems and teams with the relevant building blocks and assumptions based on historical trends as well as quantified market insights.

Developing a high quality and a midpoint forecast while improving monthly & weekly FA, FB and volume-value disconnect.

Influencing demand by optimizing current mix and ensuring that gap-closure action plans are in place whenever possible.

Taking DP and S&OP to the next level, elevating maturity with the use of enhanced analytics, science and digital tools.

Job Requirements:

BSc in engineering, supply chain or business field.

Strong analytical skills with hands-on knowledge of forecasting models and techniques.

Proven experience in leading change and managing complex supply chains networks.

Must have +5 years of experience managing supply, production, materials, and distribution

planning with hands-on experience.
