Job Benefits:

What we offer:

Aldar Education is a family of world-class, child-centered, and innovative schools based in the UAE. We educate over 22,000 students across our group of Owned and managed schools and as we grow, so does our need for highly skilled, inspirational, and dedicated school leaders.

We offer an attractive remuneration package including medical cover, flights, furnished accommodation, and free child school places. Our future-focused learning model includes both students and staff and so we place a special emphasis on professional development, coaching, and training. Successful candidates will have access to a wide network of professionals and opportunities to lead and contribute to training others as well as developing themselves.

Aldar Education is keen to hear from like-minded, forward-thinking school leaders who would welcome the challenges and opportunities that we have to offer.

Job Description:

Aldar Education is currently seeking high-performing Biology Teachers for immediate start. The current vacancy is based in ADNOC School, Ruwais (Western Region), Abu Dhabi, UAE.

ADNOC Schools are Massachusetts State Curriculum schools with superb facilities in Abu Dhabi City and the Western Region of Abu Dhabi Emirate.

The Massachusetts Curriculum is one of the most highly regarded and successful curricula in the United States, with close links to prestigious higher education institutions such as Harvard University and the Massachusetts Institute of Technology. Graduates of

ADNOC Schools receive the American High School Diploma - the standard entry qualification for US colleges and universities.

This is an exciting opportunity to join the highly successful Aldar family of schools and to help shape the future of Abu Dhabi's leading school group.

The successful candidates will be closely aligned with our core values and ethos and possess a genuine understanding and appreciation of the values of the region.

Responsibilities:

Creating a climate for learning that is conducive to outstanding practice

Identifying clear teaching and learning objectives

Setting tasks that challenge students and ensure high levels of interest;

Setting appropriate and demanding expectations;

Setting clear targets, building on prior attainment;

Identifying SEN or very able students and ensuring that their needs are met through differentiation;

Providing clear structures for lessons maintaining pace, motivation, and challenge;

Making effective use of assessment for learning;

Making effective use of performance data and key indicators to inform planning and therefore deliver differentiated lessons

Maintaining discipline by the school's 'Behaviour for Learning Policy and encouraging good practice about punctuality, behavior, standards of work, and homework;

Assess how well learning objectives have been achieved and use them to improve specific aspects of teaching;

Mark students work at least once every two weeks and set targets for progress;

Using performance data to inform planning and therefore ensuring the Learning and Teaching continue to 'add value

Assess and record students' progress systematically and keep records to check work is

understood and completed, monitor strengths and areas for development, inform planning, and recognize the level at which the student is achieving

Assess students as requested by examination bodies, departmental and school procedures

Prepare and present informative reports to parents

Take part in subject development by producing, reviewing, and updating curriculum plans and schemes of work

Keep subject knowledge up-to-date through CPD and professional reading

Attend professional development workshops as appropriate

Undertake additional duties as required by the Principal or Vice Principal as appropriate.

Using a variety of teaching strategies to:

Match approach to content, structure information, present a set of key ideas and use appropriate vocabulary

Use effective questioning, listen carefully to students, give attention to errors and misconceptions

Select appropriate learning resources and develop study skills through the library, I.C.T., and other learning technologies;

This job description is not all-inclusive. Aldar Education reserves the right to amend this job description at any time. We are an equal opportunity employer, committed to a diverse and inclusive work environment. We are also mindful of our national development strategy and encourage UAE Nationals in their application at our company.

As much as we would be delighted to entertain all applicants, due to the high volume of applications and robust selection process, only shortlisted applicants will be contacted within 10 business days.

Aldar Education and ADNOC Schools are committed to safeguarding children and young people, and any offer of appointment will be subject to any relevant medical checks and clearance from appropriate safeguarding authorities.

This is a Direct to School Job This is a Direct to School Job About the School:

Vision

The ADNOC Schools, in line with the UAE government's pioneering initiatives, aim to become a premier school in the region, graduating highly competent, socially responsible citizens and future national leaders.

Mission

The mission of ADNOC Schools is to prepare Emirati and other students, through an academically rigorous curriculum, to achieve their highest potential in a global, technologically advanced society, where Arabic and Islamic values are honored and cultural differences are respected.

This is a Direct to School Job This is a Direct to School Job About Dubai:

Drawing millions of visitors each year, Dubai allows teachers to experience a unique combination of traditional Middle Eastern ways of life and an upscale expatriate lifestyle.

Dubai's many private schools provide opportunities for licensed teachers to teach in one of the most exciting and dynamic modern cities in the world.
