Biomedical Manager

[Apply Now](#)

Company: NMC Hospital

Location: abu dhabi

Category: other-general

Develop and implement preventive maintenance schedules to ensure the longevity and reliability of biomedical devices. Collaborate with external vendors and service providers for specialized repairs and technical support as needed. Coordinate with the IT cyber security team to ensure all biomedical equipment comply with the requirements for network connectivity. Conduct periodic inspections and audits to ensure compliance with regulatory requirements and internal quality standards. Evaluate the technical specifications and performance characteristics of biomedical equipment to support procurement decisions. Coordinate the installation, calibration, and validation of new biomedical devices in collaboration with vendors, clinical staff, and other stakeholders. Participate in quality improvement initiatives and risk management activities to enhance the performance and reliability of biomedical systems.
