

# United Arab Emirates Jobs Expertini®

## Blockchain Developer (Liquid network, Bitcoin sidechain)

[Apply Now](#)

Company: TechBiz Global

Location: United Arab Emirates

Category: healthcare-practitioners-and-technical

TechBiz Global is a leading IT recruitment company. We provide IT recruitment, outstaffing, outsourcing, software development, and different consulting services with a primary focus on making our partners achieve their business goals successfully.

At TechBiz Global, we celebrate diversity and are promoting an inclusive environment. Our clients and partners are located around the world.

We are seeking a talented and experienced Blockchain Developer proficient in Bitcoin technologies.

### **Responsibilities:**

Implement and optimize decentralized applications (dApps) for Bitcoin networks.

Collaborate with front-end and back-end developers to integrate blockchain functionality into existing systems and applications.

Research and evaluate emerging blockchain technologies, protocols, and tools to identify opportunities for innovation and improvement.

Conduct code reviews, write documentation, and ensure the security, scalability, and reliability of blockchain solutions.

Troubleshoot and resolve issues related to blockchain infrastructure, smart contracts, and decentralized applications.

Proven experience as a Blockchain Developer with a focus on Liquid network, Bitcoin sidechain technologies.

Solid understanding of blockchain concepts, decentralized consensus mechanisms, cryptography, and smart contract development.

Strong problem-solving skills and attention to detail with the ability to troubleshoot and debug complex blockchain solutions.

Excellent communication and collaboration skills with the ability to work effectively in a team environment.

Experience with version control systems (e.g., Git), continuous integration/deployment (CI/CD) pipelines, and DevOps practices.

Knowledge of decentralized finance (DeFi) protocols, NFTs, and other blockchain use cases is a plus.
