

Bridge Design Engineer

[Apply Now](#)

Company: Energy Jobline

Location: dubai

Category: other-general

Here's What You'll Need You will be U.A.E National that holds an accredited Bachelor's degree in Structural / Civil Engineering from a recognized institution. Demonstrated experience in design and build schemes. A working proficiency in using software/tools associated with structural modeling (MIDAS, RM, Structural bridge design) and BIM. Knowledge of international specifications and GCC authorities/local municipality requirements / knowledge of Euro codes, DMRB and AASHTO is advantageous. With over 70 years of experience operating in the U.A.E. we have developed a deep connection to the U.A.E and its citizens. We are proud to have been a part of the country's incredible growth and development. As the UAE moves ambitiously into the future, we remain committed to being a collaborative partner to the U.A.E Authorities and the Ministry of Human Resources. To achieve Emiratisation compliance organisations must build an Emirati employee population that represents a total of 4% of company employees.
