BTSS Analyst Jobs In Dubai UAE 2023 | Citi

[For More Top Organization Jobs Click Here](#)

Description:We are looking for an insightful, detail-oriented analyst to work with our internal departments and management team as they collect and review data and use findings to optimize processes and develop stronger, more effective business strategies. The analyst will use creativity and technical skills to locate data sources, mine, review, validate, protect, and store data, identify trends, patterns, and anomalies, and use findings to develop strategies to reduce costs, improve processes and practices, and increase efficiency, quality, security, and consistency. You will also create reports and presentations and summarize complex information.

Responsibilities:Collecting and analyzing raw data to identify trends, patterns, anomalies, and other helpful information.

Using data to develop and optimize strategies and processes, increase profits, efficiency, quality, or security, and reduce costs.

Working with internal departments to collect data and develop and implement strategies.

Identifying and validating new data sources.

Creating reports and presentations to summarize findings and influence company

decisions.**Requirements:**Bachelor's degree in computer science, mathematics, or related field.

More education, certifications, or other distinctions are a plus.

Experience or specialization may be required.

Proficiency with computers, especially MS Office and analytics software, mastery of certain

programming languages may be required.

Ability to recognize patterns and trends in large data sets and use numerical information to develop business strategies.

Strong math, organization, critical thinking, and problem solving skills.#J-18808-Ljbffr
