Job Responsibilities:

Creating beautiful custom responsive designs for both our internal web systems and front-end e-commerce technology.

Willing to adapt and learn new technology and frameworks already from day one (training will be given).

You will be expected to work hard and show results but we like to have fun along the way.

You must be willing to spend several hours doing casework to show off your skills during the hiring process.

Job Requirements:

3-5 years of experience working on medium to large web projects, preferably within e-commerce.

Strong sense of design and visual identity.

Experience developing and adhering to brand guidelines.

Deep understanding of user interface design.
