Property Finder is the leading digital real estate platform in the Middle East and North Africa region. A UAE-born startup, Property Finder expanded its operations to Qatar, Bahrain, Saudi Arabia, and Egypt over the years. Recently, it acquired a significant stake in Zingat in Turkey. The company is one of the largest technology start-ups in the region and on a journey to becoming a Unicorn. We are aspiring to create a lighthouse technology company which will have a lasting impact in the entire tech ecosystem in our geography.

Responsibilities:Property Finder is the leading digital real estate platform in the Middle East and North Africa region.

A UAE-born startup, Property Finder expanded its operations to Qatar, Bahrain, Saudi Arabia, and Egypt over the years. Recently, it acquired a significant stake in Zingat in Turkey.

The company is one of the largest technology start-ups in the region and on a journey to becoming a Unicorn. We are aspiring to create a lighthouse technology company which will have a lasting impact in the entire tech ecosystem in our geography.

We encourage our people to move fast, be bold and offer them countless ways to make an impact in a fast-growing organization. Our goal is to ensure that our people find their time at Property Finder a rewarding investment where the company's growth also means personal growth.

Property Finder generates most of its revenues through B2B sales of subscriptions, building on a resilient model of recurrent revenues. Requirements: 3+ years of work experience in Business Analytics in a reputable tech company or a top tier management consulting company
