Description:

We are seeking a skilled Business Intelligence Analyst to create data-driven strategies that improve our company's processes and increase our market share. You will be working with a team to mine data, develop analytics tools, and report back on your findings and solutions.

Responsibilities: Consulting with management and relevant stakeholders to define goals.

Researching, developing and implementing data-gathering methods.

Analyzing and synthesizing data.

Reporting back on your findings and suggesting solutions.

Collaborating with coworkers and management to implement improvements.

Evaluating the effectiveness of implemented strategies. Requirements: Bachelor's Degree in computer science, statistics, business studies, or related field.

Proven experience with programming for data analysis.

Firm understanding of statistics and databases.

Expert problem-solving and analytical skills.

Strong communication skills.

Ability to work in a fast-paced, deadline-driven environment.

Collaborative mindset. #J-18808-Ljbffr
