CA – IT Audit – A2 – Dubai Jobs Dubai United Arab Emirate 2023 | PwC

Description

Examine internal IT controls, evaluate the design and operational effectiveness, determine exposure to risk, and develop remediation strategies. Troubleshoot security and network problems. Respond to all system and/or network security breaches.

Responsibilities:

To really stand out and make us fit for the future in a constantly changing world, each and every one of us at PwC needs to be a purpose-led and values-driven leader at every level. To help us achieve this we have the PwC Professional; our global leadership development framework. It gives us a single set of expectations across our lines, geographies and career paths, and provides transparency on the skills we need as individuals to be successful and progress in our careers, now and in the future.
