Civil Engineering (CE) Supervisor Jobs In Abu Dhabi | Amentum

About the job

The Civil Engineering Supervisor is responsible for managing storage and maintenance activities for Bear Order of Battle (BOB) and Civil Engineering (CE) equipment including receipt, accountability, storage, inspection, maintenance, issue, and reconstitution. Supervises CE workshops and facilities (e.g., power production, electrical, refrigeration, fabrication shops, etc.). Directs preparation of stored assets for exercise or actual deployments. Ensures compliance with Performance Work Statement (PWS) and Amentum ISO 9001:2015 Quality Management System (QMS).

Requirements

Must have outstanding customer service and organizational skills and be able to understand, speak read and write English at an advanced level.

Must be proficient in the use of personal computers and Windows Operating System and Microsoft Office to include as a minimum Power Point, Excel and Word programs.

Ability to read, understand and interpret all technical data associated with Civil Engineering and BOB assets and related equipment required.

Must be able to obtain CSC Certification.

Must possess a valid home country driver's license and ability to obtain host nation driver's license.

Will be required to operate material handling equipment.

High School diploma or equivalent required.

Background in mechanical/electrical equipment maintenance required.

Requires experience in the operations and maintenance of electrical power production equipment and associated equipment.

5 years experience with CE equipment and engineering workshop facilities required.

5 years experience in an equipment management or CE equipment supervisory position and demonstrated understanding of Bear Base required.
