Construction Project Managers – Ruwais Jobs In Dubai 2022 | A Flooring

Description:

An experienced Construction Manager is needed to oversee day-to-day operations and help out the Project Manager, who is ultimately in charge of the project's success or failure. While working as a Building Manager, you will be responsible for supervising and directing all project team members who are responsible for the construction, installation, and in-service testing of all project systems.... You'll be in charge of supervising the project team and subcontractors as they design, purchase, develop, and test all of the communication infrastructure involved with the project you're in charge of managing.
