Company: Archirodon Construction

Location: United Arab Emirates

Category: healthcare-practitioners-and-technical

Job Description

We are constantly growing and are currently looking for a **Construction Section Head of the following disciplines : Civil, Mechanical, Electrical and Instrumentation** to join a top qualified and knowledgeable team in one of our projects in UAE.

Would you like to be part of a dynamic EPC leader with global presence We'd like to meet you. Join our worldwide journey. Build on something that matters!

What you will need to do:

Ensure that his crew is educated with the HSE rules and fully comply with them.

Coordinate with other project sections to achieve the above target.

Ensure that the required resources are available on time.

Identify problems and resolve them.

Provide the required technical documentation to his team.

Ensure timely request for necessary resources, materials, tools etc.

Maintain and provide details of the work progress.

Ensure that the works are performed at the required quality standards.

Perform many other related duties as assigned

Responsible for overall Site Management

Coordinate with Project management team

Coordinate and be liaison with the Customer appointed Site Coordinator.

Enforcing adherence to contractual scope to all involved parties: employees, subcontractors or vendors, but most importantly to the customer.

Assignment and Supervision of duties to Site Engineers and appointed Sub-contractors.

Material Control and Logistics coordination

Progress Control and Review.

What you will need to have:

BSc in Engineering

5-10 years of experience in a similar position

At least 5 years of experience as Section Head in Oil & Gas projects

At least 5 years have been devoted to the management and supervision of major installation and revamp projects for the offshore oil and gas industry.

Knowledge on construction methods in building project is a must.

Gulf experience is preferred.

Good command in English both oral and written.

Working experience in building projects with high end facilities

Engineering and site installation, changeover and commissioning experience

What it is nice to have:

Experience in large EPC contractor

You are someone who:

Organized, committed and hard worker

Strong interpersonal skills, leadership skills and a team player with high attention to details

An analytical thinker

A results driven person combined with problem solving techniques

Report writing and communication skills

What is in it for you:

Competitive salary and benefits are part of the offering, yet the real joy comes from being a member of smart and passionate teams, within an international leading EPC Group on a mission that matters. We create mega construction projects - literally around the globe - with meaningful impact on the local communities for the years to come. At Archirodon, you will find a proud, productive and human-centric culture, caring for and building on our people and their development!

Please note that you will be contacted only in case you are shortlisted for an interview. In the meantime, do not hesitate to stay in touch and keep monitoring our and our page! Rest assured that your application will be treated with strict confidentiality and under all applicable data privacy regulations.
