Description:

This job is for you if you're an analytical thinker, who is looking to make an impact in a company – and an industry – where you'll truly make a difference. Consultants possess strong problem solving, quantitative and modelling skills, are knowledgeable and passionate about the TMT industry and are true team players. The nature of the role means that consultants travel frequently, so you'll need to be ready to jet-set across the globe.

Responsibilities: Carry out reliable and accurate research and data collection for client projects and business development

Interview the client's employees, management team and other stakeholders

Identify issues, form hypothesis and facilitate discussions within project teams and client groups

Conduct analysis of quantitative and qualitative data, synthesizing and positioning the findings within the larger project context

Communicate main ideas and findings from work through written and graphical presentations

Present findings and recommendations to clients

Implement recommendations/solutions and liaise with client to keep them informed of progress and to make relevant decisions.

Requirements: MBA from a top business school
Undergraduate degree in: Business, Computer Science, Economics, Engineering, Finance, Management, Strategy, Analytics or a related field.

Basic knowledge and interest in the Telecoms, Media and Tech (TMT) industry

Excellent analysis and problem-solving skills

Strong quantitative skills

A logical and lateral thinker, who is intellectually curious

Exceptional communication and interpersonal skills, with fluency in English (written and spoken)

A team player, who can work in a truly diverse setting

Highly motivated individual who is looking to learn and grow with the company#J-18808-Ljbfrr
