Consultant Visceral Surgery Jobs In Dubai 2023 | Gulf

Description

Vascular surgeons are medical specialists who treat conditions affecting the blood vessels. They work alongside other physicians, managing disorders related to the vascular system and performing operations to treat vascular trauma.

Responsibilities:

Evaluate and advise patients on the risk involved with having surgery

Perform surgical procedures to prevent or correct injury, disease, deformities and patient function while adhering to regulatory and ethical protocols

Follow established surgical techniques during surgery

Prescribe preoperative and postoperative treatment and procedures

Ensure sterility in the operating room, and all equipment and instruments

Direct and coordinate activities of hospital staff for proper patient care#J-18808-Ljbffr
