### Cyber Security Assurance Senior Manager Jobs in Dubai

Job: Full Time

Location: Dubai, UAE

Description:

Direct and manage the overall assurance activities of ENOC's cyber security efforts towards protecting the organization information assets and critical infrastructure. Maintain and enforce cyber security architecture design in coordination with the cyber security governance team. Manage technical cyber security assessments in addition to providing technical assurance capabilities that verify effectiveness of security controls and projects.

Job Responsibilities:

Contribute to the development of cyber-policies, procedures and standards that are in line with best practices and industry trends.

Monitor and assess the compliance of IT projects and enterprise design to the cyber security policies and guidelines across ENOC to align with the Organization Cyber Security Programme.

Lead cyber security analysis of the technology environment in order to detect critical deficiencies and recommend solutions for improvement.

Job Requirements:

Degree: Bachelor's degree in Computer Science, Engineering or Business field or equivalent, Diploma with additional relevant experience.

10+ years of Information Technology experience.
