Data Analyst Jobs in Dubai | Alfa Laval Careers UAE

Description:

We're looking for a Data Analyst in our Middle East and Africa IT team to provide data expertise as we improve the growth in business, and engagement with our customers. In this role you'll be part of Regional IT function and work closely with a cross-functional team consisting of business management, finance, and operations.

Responsibilities:

Working with various internal information databases creating models forming critical business parameters

Creating necessary data frameworks to facilitate agile business decision making

Tracking and forecasting multiple trends and analyse in detail the data collected to provide management with thorough reports and results

Requirements:

3+ years of proven experience providing analytic support, ideally within the B2B industry

High level of numeracy with quantitative/ statistical analytic skills

Proficiency with business intelligence tools (Power Platform, Tableau)
