

United Arab Emirates Jobs Expertini®

Data Analyst

[Apply Now](#)

Company: Prokoders

Location: united arab emirates

Category: other-general

We are seeking a talented Data Analyst to join our team and help us leverage the power of data to enhance our products and services. As a Data Analyst, you will play a key role in analyzing, interpreting, and visualizing data to provide valuable insights that inform strategic decision-making.

Duties Collect, clean, and analyze data from various sources to identify trends and patterns Develop reports, dashboards, and visualizations to present data in a clear and meaningful way Collaborate with stakeholders to understand business requirements and translate them into data-driven solutions Use statistical techniques and machine learning algorithms to extract insights and predict future outcomes Continuously monitor data quality and integrity to ensure accuracy and reliability

Requirements Bachelor's degree in Statistics, Mathematics, Computer Science, or a related field Proven experience in data analysis, data mining, or business intelligence Proficiency in SQL, Excel, and data visualization tools such as Tableau or Power BI Strong analytical skills and attention to detail Excellent communication skills and ability to present complex information in a simple and compelling manner

Additional Skills: Experience with programming languages like Python, R, or SAS Knowledge of database systems and data warehousing concepts Familiarity with big data technologies such as Hadoop or Spark Understanding of data governance and regulatory compliance requirements

We'd Love to Hear from You! Let's Chat About Your Business Needs and How We Can Help.
