Company: Datahash

Location: united arab emirates

Category: other-general

We are seeking a highly skilled and experienced Data Scientist with experience in analyzing large datasets, developing predictive models, and uncovering valuable insights to support decision-making. RequirementsShould have 3-5 years of working experience. Bachelor's or Master's degree in Computer Science, Statistics, Mathematics, or a related field. Experience in data analysis, statistical modeling, and machine learning. Proficiency in programming languages such as Python or R, with experience in data manipulation, statistical analysis, and machine learning libraries. Experience with machine learning algorithms and techniques, including supervised and unsupervised learning, classification, regression, clustering, and feature selection. Experience with cloud platforms such as AWS, Azure, or Google Cloud Platform, and familiarity with their data analytics and machine learning services. Strong analytical and problem-solving skills, with the ability to work independently and collaboratively in a fast-paced environment. Experience with big data technologies and frameworks such as Hadoop, Spark, Kafka, and related ecosystem tools. Stay abreast of emerging technologies, industry trends, and best practices in data engineering, and drive innovation through the adoption of new tools and techniques. Outstanding communication and interpersonal skills with the ability to collaborate effectively across teams and departments 1. Work From Anywhere: Your office can be anywhere you like. Seriously, anywhere. 2. Your Hours, Your Call: Work early bird hours or burn the midnight oil. It's all good. 3. Get in on the Action: ESOP? Yeah, you get a piece of the pie too4. Health is Wealth: We've got you and your family covered, health-wise. 5. Cool Vibes Only: Our work culture is as awesome as your favorite hangout spot. 6. Epic Offsites: Once a year, we go all out. Think fun, sun, and maybe

a cocktail or two. 7. Coworking Access: Need a change from your home office? We've got spots.
