Job Description

We are seeking an highly experienced Faade Estimator to join our expanding team to support projects throughout the Indian market. The Faade Estimator will support multiple faade consulting projects on wide variety of large scale buildings by providing quantity surveys and unit cost estimates for all faade elements. The ideal candidate would be competent in AutoCAD, BIM, Revit and MS Office. Competency in estimating software is highly desirable. Language skills must include fluency in English (verbal and written).

Qualified candidate that demonstrates diligence and management acumen shall have the opportunity to follow several career paths within our group of companies.

The work scope includes the following:

1. Review new projects and each stage of development of design to determine quantities and unit costs.
2. Collaborate with team within our large staff to support each assigned project.
3. Coordinate takeoffs with our staff designers and engineers.
4. Review client drawings, renderings and other documents prior to development of detailed unit cost estimates.
5. Ensure timely client responses and follow up.
6. Maintain committed schedule durations.
7. Review all work product before submittal to the client.
8. Develop cost archives for reference.
9. Maintain the highest level of customer engagement and service.

10. Strong interpersonal and team building skills.

Qualifications:

1. BE degree or equal practical experience in construction management, architecture, product design or relevant field preferred.

2. Successful work experience in the faade industry for a minimum of 5 years.

43Project portfolio of projects with primary responsibility for the faade elements.

Compensation | Benefits

The position is full time in office, no remote work will be considered. Competitive compensation package includes salary, benefits and incentives.

If you align with the criteria noted above, please submit your resume and examples of your work. (PDF)
