Description:

With a relevant degree qualification, you will take personal development seriously and be chartered or pursuing a similar level of professional qualification. You are digitally savvy, can build lasting client relationships and lead strong, motivated teams. You will have a construction or cost consultancy or project management background and be hungry to grow your career and enjoy the opportunities Mace has to offer.

Responsibilities: Directing and ensuring design management is consistent across projects, or phases.

Ensuring design management function is aligned with other PMC functional targets.

Ensuring that reporting and progress reporting are aligned with PMC reporting requirements.

Monitoring, reviewing, and reporting on consultant's and/or contractor design progress.

Ensuring designs are developed in compliance with project briefs.

Ensuring consultants are fulfilling contractual obligations for scope and deliverables.

Ensuring design consultants are working to ensure projects are on time, and on budget.

Ensuring BIM management is integral to the programmer and ongoing.

Ensuring scope change is monitored and managed in accordance with change protocols.

Ensuring client and 3rd party reviews are scheduled and aligned with the programmer.

Ensuring client and statutory approvals are built into the programmer.

Ensuring detailed and/or peer reviews are scheduled if required.

Ensuring value engineering workshops are scheduled and participate. Requirements: A bachelor's or associate's degree in graphic design, fine arts, advertising, or a related field. A minimum of 5 years managerial or senior-level design experience. Strong creativity skills and the vision to turn briefs into creative projects. In-depth knowledge of graphic design and CAD tools. Excellent leadership, organization, and analytical skills. #J-18808-Ljbfrr
