Description:

This position operates within the context of providing full support to the Scaffolding Sales, Estimation, and Operation team, producing estimates of job scopes/BOQ's for tendering purpose, and providing suitable designs and calculations for scaffolding and access solutions offered, and in carrying out the works in line with Industry standards, in a safe, cost effective and efficient manner.

Job Responsibilities:

Liaise with Sales & Estimation team and understand full project requirements by proper evaluation and estimation of scope and requirements

Provide dimensions/BOQ to estimations team to support tender/quote preparation

Provide optimal, value-engineered access solutions that support the job bid

Prepare detailed scaffolding layouts and accurate design calculations based on Client / Site requirement, conforming to the industry standards

Job Requirements:

A Bachelor's Degree in Civil Engineering

Proficient in 3D modelling using relevant software (Revit/Navisworks/Tekla) and 2D

AutoCAD ( non negotiable)

ETABS or other Structural design software skills (desirable)

MS Office skills

#J-18808-Ljbffr
