### Job Description

Knowledge in Voice evacuation, Fire Alarm system , Emergency & Exit light system

Knowledge in AUTOCAD & Revit 3D modelling

Knowledge in UAE Fire codes & NFPA Standard

Design and estimate Extra Low Voltage Fire Alarm Systems for various projects

Prepare technical drawings, specifications, and cost estimates for client proposals

Coordinate with project managers, engineers, and clients to ensure project requirements are met

Stay updated on industry standards and regulations related to fire alarm systems

Collaborate with vendors and suppliers to source required materials and equipment

Ensure compliance with safety standards and quality control measures

Document project progress and maintain accurate records of design and estimation activities

Have a strong knowledge in fire alarm, voice evacuation, emergency lighting systems and UAE fire codes.

Have an ability to adapt easily in work pressure.

Have a good communication, Microsoft office skills.

### **Desired Candidate Profile**

Bachelor's degree in Electrical Engineering

At least 3 years of experience in designing and estimating fire alarm systems

Strong technical skills in AutoCAD, Revit, and other design software

Excellent communication and interpersonal skills

Ability to work effectively in a team environment

Attention to detail and problem-solving abilities

Physical ability to conduct site surveys and assessments as needed

Keyword: Fire Alarm System , Emergency lighting system , Voice evacuation , PAVA , Fire Alarm System Estimation Engineer , Design engineer Fire Alarm , Design & Estimation Engineer Fire Alarm System , Fire Alarm System Design Engineer , Estimation , NFPA Apply Now
