[Associate](#)

[Job Description & Summary](#)

A career in our Software Development and Information Technology Operations practice, within Cloud Computing and Networking services, will provide you with the opportunity to focus on the joint business relationship between PwC and Google, HP, Microsoft, Oracle, SAP, and other cloud based platforms to bring new and innovative services to some of the largest companies. We help our clients adopt the cloud to transform Information Technology, scale and streamline operations and create new cloud based businesses through our strong alliances. You'll be at the forefront of helping organisations around the globe adopt innovative technology solutions that optimise business processes or enable scalable technology.

In joining, you'll develop and manage integration strategies that helps our clients implement cloud computing solutions related to enterprise architecture, service architecture, systems architecture, and business process management.

To really stand out and make us fit for the future in a constantly changing world, each and every one of us at PwC needs to be a purpose-led and values-driven leader at every level. To help us achieve this we have the PwC Professional; our global leadership development framework. It gives us a single set of expectations across our lines, geographies and career paths, and provides transparency on the skills we need as individuals to be successful and progress in our careers, now and in the future.

As an Associate, you'll work as part of a team of problem solvers, helping to solve complex business issues from strategy to execution. PwC Professional skills and responsibilities for this management level include but are not limited to:

Invite and give in the moment feedback in a constructive manner.

Share and collaborate effectively with others.

Identify and make suggestions for improvements when problems and/or opportunities arise.

Handle, manipulate and analyse data and information responsibly.

Follow risk management and compliance procedures.

Keep up-to-date with developments in area of specialism.

Communicate confidently in a clear, concise and articulate manner – verbally and in the materials I produce.

Build and maintain an internal and external network.

Seek opportunities to learn about how PwC works as a global network of firms.

Uphold the firm's code of ethics and business conduct.
