Job Description

We need a professional Forensic Accountant to conduct financial audits for the organization. You will assist us in reducing risks and developing fraud protection techniques in order to minimize financial management issues. One of your roles will be to conduct forensic investigations and evaluate financial data from businesses to look for probable fraud or revenue losses.

Qualifications:

A forensic accountant, certified public accountant, or another similar job with at least three years of experience is required.

This is a great option if you have a CPA or CFE license.

When necessary, communicates with the insured or the claims adjuster.

Two administrative duties that must be handled are keeping track of time and preparing bills.

Flexibility and willingness to travel as necessary.

A bachelor's degree in accounting, finance, or economics is required for work in this sector.

Knowledge of GAAP (Generally Accepted Accounting Principles) is exceptional (GAAP).

A comprehensive understanding of the numerous legal and regulatory challenges that a business may face.

A master's degree in accounting is greatly recommended.

Before delivering claim evaluations and reports to the insurance company, double-check for accuracy.

Skills:

It's amazing how well you can manage tasks.

Knowledge of research and analysis.

Problem-solving and troubleshooting abilities, as well as the ability to make mature decisions, are required.

Knowledge of computers and Microsoft Office is a plus.

It is vital to have written and oral communication skills.
