## Dotnet Developer Jobs In Dubai | Resource Log

### About the job

We are assisting our client in hiring effective result driven.NET Developers to join their team. The ideal candidate should have experience in designing, developing and maintaining application using the ASP.NET MVC framework; and writing Oracle PL/SQL procedures, functions, triggers, and other database objects. The technical service requirement is practical expertise in the end-to-end development lifecycle.

### Requirements:

- Bachelor's degree in computer science, Information Systems, or related subjects
- 5+ years of experience
- ASP.NET, MVC framework
- Oracle PL/SQL
- Able to work well in a team setting.
- Ability to be flexible and work analytically in a problem-solving environment.
- Excellent written and verbal communication skills
- Will be required to work at client office (onsite) in UAE or Offshore.
