Description:

Fugro is looking for Drilling Supervisors to join our world-leading Marine Infrastructure Solutions department based in Dubai, reporting to the Project Manager.

Job Responsibilities:

You will ensure all equipment is in a safe and maintained position.

Ensure drill rig audits are in place and complete any required actions

Prepare and submit daily progress reports as detailed in the project requirements

Support the professional development, training and discipline of the field crew, identifying and managing any training needs

Liaise with the technical team when necessary

Job Requirements:

Extensive experience in Offshore Marine Geotechnical Drilling Operations

Demonstrable experience in a supervisory role

Working knowledge of Microsoft office

You are willing to work offshore on a rotational basis, as well from our office facilities in Dubai, UAE as required

#J-18808-Ljbffr
