Parsons is looking for an amazingly talented Electrical Inspector to join our team! In this role you will get to perform difficult and sometimes complex inspection tasks.

Responsibilities:

Conducts tests to determine if work has been done in accordance with contract specifications and may include any of the following: Performs electrical and mechanical tests.

Performs destructive and nondestructive tests on metals and other materials through magnaflex, dye penetrant, radiographic, tension and compression, paint thickness, and resistivity.

Performs surveillance of underground piping to ensure tightness, bedding, and grade.

Validates piping systems, including P&ID checks and hydraulic or other pressure tests.

Inspects electrical installations to ensure proper grounding, circuit integrity, and adherence to statutory and customer regulations.

Performs continuing inspection of painting and insulation to ensure thickness and coverage continuity.

Provides general inspection on all construction labor and subcontracted tasks to ensure professional workmanship.

Requirements:

Associate's or equivalent degree or diploma in electrical engineering and equivalent work experience, is required.

Minimum 7 years of related experience on heavy construction projects, as well as formal certification from an independent organization, depending on type of inspection assignment.

Must be able to read and interpret blueprints and construction specifications and be thoroughly familiar with construction related processes related to area of assignment.
