Energy Projects Manager | Amazon Jobs in Dubai 2022

Description:

Amazon is looking for a results-oriented individual to join the AWS Infrastructure Energy Team (IET). In this role, you will engage with electric utilities across AWS's Europe, Middle East and Africa (EMEA) footprint to manage the interconnection of Amazon data centers to the grid. The candidate must be able to manage multiple projects and help evaluate potential savings opportunities in the energy space.

Responsibilities:

Manage the interconnection of AWS EMEA data centers to the electric grid by working with utilities and local operations teams across the globe.

Support the development and execution of a comprehensive energy and utilities strategy for AWS EMEA data centers.

Support the delivery of consultation response on energy policy with Public policy across the EMEA region.

Requirements:

Bachelor's Degree (BA/BS) required- Engineering/Economics or other technical field.

Proficiency in English, both written and spoken

5+ years of experience working in utility/energy industry.
