Company: Dubai Customs

Location: dubai

Category: other-general

The job posting is outdated and position may be filled. Evaluating internal functions, business development strategies, and IT processes and suggesting improvements. Creating business architecture models to reflect the organization's strategies and goals and creating and implementing business visions and goals. Evaluating systems engineering, talent recruiting, and accounting models for discrepancies and vulnerabilities. Suggesting ideas to reduce costs in IT and business leadership. Organizing training to improve employees' knowledge and skills for future organizational growth. Conducting research in talent management to improve the organization's business operations. Providing business architecture and systems processing guidance. Ensuring the efficiency, security, and support of the organization's goals. Creating methods for compliance architecture, such as data storage, metadata management, and change control. Determining and implementing build versus buy strategies, mentor personnel, and views of the overall business strategy. Disclaimer: Drjobs.ae is only a platform that connects job seekers and employers. Applicants are advised to conduct their own independent research into the credentials of the prospective employer. We always make certain that our clients do not endorse any request for money payments, thus we advise against sharing any personal or bank-related information with any third party. If you suspect fraud or malpractice, please contact us via contact us page. Our goal is to make hiring as easy as possible. We find the right talent for every company, ensuring that each candidate finds a job they enjoy. Dr.Job FZ LLC provides 360-degree AI-powered recruiting and job search solutions.
