Equity Analyst Jobs in UAE | DAMAC Properties Careers

Description

Equity analysts are financial professionals who conduct research and monitor the stock market and the economic status of their clients to determine appropriate financial decisions that benefit an organization.

Responsibilities

- a) Establish working knowledge of the financial goals, risk-return capacity, and strategic objectives to ensure accurate analysis and forecasts of the public equities investment options according to the company's business interests.
- b) Support the reporting line with the operational and legwork for the public equity portfolio management activities including drafting
- c) Create ad hoc financial models and provide various financial analyses based on senior management's requirements.
