Evict Pests and Reclaim Your Home with Rentokil Boecker®'s Expert Services! Are unwanted pests ruining the comfort and tranquillity of your home? Are you tired of sharing your living space with creepy crawlies? Look no further! Rentokil Boecker®, the region's leading public health company, is here to help! Say goodbye to cockroaches, ants, drain flies and other unwelcome guests with their world-class pest control services. At Rentokil Boecker®, they understand the frustration and inconvenience caused by pest infestations. That's why they offer a range of effective and environmentally friendly solutions to suit your needs. With 90 years of experience in more than 80 countries, their expertise and track record speak for themselves. Don't just take our word for it. Hear it from British mum Katie: "We had unwelcome visitors in our villa, including cockroaches, drain flies and persistent ants. The situation was getting out of hand, so we decided to call in the professionals from Rentokil Boecker®. We opted for a chemical treatment. Since we have guinea pigs, we made sure to relocate their cage to our critter-free spare room before Rentokil Boecker®'s visit. Our experienced technician, Romeo, arrived promptly and assessed our villa's pest situation. Every nook and cranny was covered. Gel bait was strategically placed to entice the ants out of their hiding places. Romeo then sprayed the edges of the floors, the outside of the house and the inside drains. Meanwhile, the manhole cover (aka as the entry point for cockroaches) received its fair share of attention too. Romeo even provided us with handy tips to tackle our drain fly issue, which have proven to be simple yet effective. Following the treatment, we experienced a significant decrease in the cockroach, ant and drain fly population and noticed a marked improvement in our home's overall hygiene and comfort. We were impressed with Rentokil

Boecker ® professionalism, knowledge and excellent service. Now, our villa is a happier, pest-free space!” Rentokil Boecker ® ’s team of highly trained pest control specialists follows the scientific approach of Integrated Pest Management™ (IPM™). They will thoroughly inspect your property, identify the conditions which pests love and develop a customised solution. They treat existing infestations, can put in preventative measures and provide you with the peace of mind that comes from knowing your pest problem is over. To carry out their services at a typical 3 – 4 bedroom villa, prices start at AED 550 + 5% VAT.If you would like to write for British Mums we would love to hear from you. Please email us at blog@britishmums.com . You can find our editorial guidelines here .
