Location: dubai

Category: other-general

Factory Coordinator Jobs in Dubai | Unilever Jobs

Description:

The Factory coordinator will manage the overall Factory transition through various tasks such as owning the on-time delivery and deployment of business processes, new system implementations and change management within the factory by working closely with local factory teams, global workstream leads, regional Blossom team leads and the system integrator to ensure all end state processes and systems are fit for purpose in the factory are on track.

Job Responsibilities:

Overall responsibility and key point of contact for the coordination of Blossom Planning and execution activities for the factory

Manage progress of the project, escalating for support and resolving issues and risks with team members and stakeholders

Lead Project Blossom communications for Factory ensuring understanding, engagement and sharing of critical information with all levels of factory organization

Work collaboratively with the Factory leadership team on change management. Understand employee morale and engagement over the course of the project and use communication and morale boosting tactics to ensure healthy morale is maintained and employees are being effectively guided through the change. Blossom should not be seen as a project that is happening to the employees, rather Project Blossom is the exciting opportunity of

collectively starting up a new company that we are all a part of.

Job Requirements:

Bachelor's Degree (Business, Operations, Supply Chain)

Minimum 5 years' experience in Supply Chain (Planning, Procurement, Manufacturing, Engineering or Logistics)

Knowledge of factory operations and planning (SAP APO and SAP ECC) systems

Communication: Excellent communication skills and the ability to convey complex requirements and expectations in a simple way
