Field Service Technician | Siemens Energy Abu Dhabi

Siemens Energy is one of the world's leading energy technology companies. The company works with its customers and partners on energy systems for the future, thus supporting the transition to a more sustainable world. With its portfolio of products, solutions and services, Siemens Energy covers almost the entire energy value chain – from power generation and transmission to storage. The portfolio includes conventional and renewable energy technology, such as gas and steam turbines, hybrid power plants operated with hydrogen, and power generators and transformers. A majority stake in the wind power subsidiary Siemens Gamesa Renewable Energy (SGRE) makes Siemens Energy a global market leader for renewable energies. An estimated one-sixth of the electricity generated worldwide is based on technologies from Siemens Energy. Siemens Energy employs 96,000 people worldwide in more than 90 countries and generated revenue of around €31 billion in fiscal year 2023.

Performs complex and technically demanding work on-site in a specialized area of Field Service Steam Turbines. Effectively identifies problems as they occur and takes appropriate steps to solve them in situations where the problem is more difficult and complex.
