Flutter Developer Jobs In Dubai | Innovation Factory

Job Description

Innovation Factory is an IT firm that focuses on blockchain-based solutions. With a rapidly growing team, the company has designed an entire ecosystem to bring everyday users closer to the technological advancement brought about by blockchain tech.

The digital ecosystem comprises of a number of unique digital solutions/utilities that enhance the lifestyle of its users and enable them to tap into web 3.0, NFT, and blockchain-based projects.

The successful candidate will have the opportunity to learn and grow within a creative and innovative team, with access to ongoing personal and professional development.

Job Responsibilities

Building and shipping robust apps to Android/ iOS devices using a single codebase

Writing readable and clear code using Dart that will be extensively documented for future use and upgrades

Sharing feedback and brainstorming ideas with teams to improve the development process

Understand basic concepts of design for developing user-friendly applications

Stay up to date with the latest technologies

Skills

Job Requirements

Bachelor's Degree in Computer Science or relevant experience

Experience in development of Android/iOS applications and have deployed them on Google Play/App Store

5+ years in mobile software development

Familiarity using version control tools like Git, Subversion etc. and IDEs like Android Studio, VS Code etc.

Understanding of the Agile Software Development Life Cycle and been exposed to Scrum projects

Knowledge of Dart programming language, Rest APIs and integration of various APIs from third parties

Comfortable using test cases for debugging code, enhancing performance and reliability
