We have a rich history of creating fragrances that strike an emotional chord with consumers. We are inspired by our rich heritage and our contribution to defining the evolution of the trends over time. We create scents that shape peoples lives.Our Perfumery Lab in Dubai provides critical lab and analytical support for our creative fragrance development teams for consumer products and fine fragrance categories helping Givaudan provide unique fragrance solutions for our customers in the Middle East & North Africa markets. The Robot is one of our automated systems in the Perfumery Lab that helps us fasttrack the compounding of fragrance oils and samples.We are hiring aRobot & Sampling Coordinator to support our increasing project pipeline and expanding Creative Fragrance Perfumery Lab in our

Regional Creative Centre in Dubai. You will be based in our Dubai Media City office and report to the Creative Fragrance Perfumery Lab Team Leader. You will work for a company that touches billions of consumers more than a hundred times a day. With its heritage stretching back over 250 years Givaudan has a long history of innovating scents and tastes. Our passion is to collaborate with customers and partners to develop gamechanging innovations in the food & beverage fragrance and beauty industries. We have a culture that works to inspire challenge and capture the heart and soul of consumers and customers. Our customers in the region have local regional and international profiles bringing diversity and curiosity to your daily job. Sounds interesting This could well be your perfect opportunity if you have a real passion for the world of fragrance & perfume always aim to exceed customer needs and provide value. In this exciting role you will interact with internal stakeholders to define project priorities Differentiate between trial and commercial fragrance samples check the raw material feasibility interpret correct formula quantities delegate formulas to Lab Assistants based on priority and ensure timely delivery of finished oils. Equally distribute the formulas to the Lab Assistants and optimise their workload ensuring the individual targets are achieved. Feed the interpreted formula beakers in the Robot without any delay. Be aware of the basic functioning of the Robot system test composition calibration and restocking. Support with troubleshooting for any basic technical issues with the Robot system. Ensure strict compliance with all the safety norms and practices of the Perfumery Lab through proper maintenance of equipment safe work culture and good housekeeping (5S). Responsible for safely handling chemicals and raw materials for the Perfumery Lab. Be updated on the raw material Material Safety Data Sheet (MSDS). Keep track of daily robot KPIs and support for monthly reporting. You Are you someone who wants to grow and shape your own world Who thrives being in a culture where you can express yourself in a creative team environment Who wants to collaborate and learn together with teams who are as passionate as you are Then come join us and impact your world. Your professional profile includes: Currently already based in the United Arab Emirates (UAE). A Bachelors degree in Chemistry. 3 years of experience in the fragrance industry. Prior experience in fragrance applications or compounding is desirable. Prior experience working with the COBRA/Contexa Robot system is advantageous. A good understanding of the lab documentation protocol and handling of lab equipment and chemicals. Knowledge of applications like MS Office (Word & Excel) SAP etc. is preferred. Has a basic olfactory skill and no known allergies to chemicals or fragrance raw materials. A good team player and

comfortable with diversity. Our benefits: Excellent opportunities for progressive learning and development. A creative team environment that will inspire you. Attractive compensation package. Private health insurance for self and eligible dependents*. Support for children's education*. Annual flight ticket allowance for self and eligible dependents*. Performance bonus*. (* As per company policy) #LIOnsite

At Givaudan you contribute to delightful taste and scent experiences that touch people's lives. You work within an inspiring teamwork culture where you can thrive, collaborate and learn from other talented and passionate people across disciplines, regions and divisions. Every essence of you enriches our world. Diversity drives innovation and creates closer connections with our employees, customers and partners. Givaudan embraces diversity and is committed to building an inclusive environment where everyone impacts our world. Remote working: Onsite
