Company: NEATLY. Premium Housekeeping

Location: Dubai

Category: healthcare-practitioners-and-technical

Company Description

Neatly is a family-run premium housekeeping business based in Frankfurt, Germany, with a presence in Dubai, United Arab Emirates. We are committed to providing the highest quality cleaning services and solutions, with a focus on excellence in processes and operations. Our agile structure promotes lean operations at every level, ensuring efficiency and customer satisfaction.

Role Description

This is a full-time, on-site role as a Full Stack Engineer at NEATLY. Premium Housekeeping in Dubai, United Arab Emirates. As a Full Stack Engineer, you will be responsible for both front-end and back-end development. Your day-to-day tasks will include developing and maintaining web applications, implementing user interface designs, writing code, testing and debugging, and collaborating with cross-functional teams.

Qualifications

Back-End Web Development, Software Development, and Full-Stack Development skills

Front-End Development, Cascading Style Sheets (CSS), and User Interface (UI) design skills

Experience in developing and maintaining web applications

Strong problem-solving and debugging skills

Knowledge of web development frameworks and libraries

Excellent collaboration and communication skills

Ability to work in a fast-paced environment and meet deadlines

Experience with agile development methodologies

Attention to detail and commitment to delivering high-quality code

Bachelor's degree in Computer Science, Software Engineering, or related field
