### Game Programmer | Avrioc Technologies Abu Dhabi

Avrioc Technologies, based in Abu Dhabi, has dedicated more than a decade to the pursuit of innovation and continuous growth. Our journey commenced with a humble yet powerful vision – to transform ordinary experiences into the extraordinary. We embarked as a small, impassioned team, armed with unwavering commitment to excellence and fueled by boundless dreams. Through the years, we have expanded, evolved, and gained invaluable insights, yet our fundamental conviction remains steadfast: every idea, regardless of its audacity, merits the opportunity to flourish. Our relentless drive to redefine technological boundaries has culminated in the creation of groundbreaking products, now embraced daily in the GCC market and across the globe. At Avrioc, we understand that success is built on a strong foundation. That's why we heavily invest in infrastructure design, ensuring that our products and services are not only cutting-edge but also reliable and robust.

Game Programmer | Avrioc Technologies Abu Dhabi | [Apply Now](#)

Requirements:

5+ years' experience at a professional video game company

At least 2 shipped game titles as a Lead Programmer

Extensive experience with Unreal Engine 4 (Unreal Engine 5 is a bonus)

Bachelor's degree in computer science or similar discipline or equivalent work experience

Advanced C++, strong architecture, and low-level performance programming skills

Excellent 3D Math and Linear Algebra skills

Familiar with modern practices of object-oriented programming and processes

### Bonus Requirements:

Experience with Unreal Engine 5

Experience optimizing C++/C# code for performance

Experience with multithreaded systems

Knowledge of any major third-party middleware (PhysX, SpeedTree, etc)

Familiarity with Perforce or other modern SCM best practices

Don't miss out on this exciting opportunity – apply now at [dubaiofferz.com](http://dubaiofferz.com)
