Position Summary

Our jobs aren't just about moving items from one place to another. Instead, we want to build an experience that is memorable and unique – and each position contributes to making that possible for our guests. At our hotels, Runners work across departments to ensure that guests and associates have what they need at the point in time when they need it. Whether

delivering items directly to guests in their room or providing support to housekeeping, engineering, banquets, restaurants, the front office, or other areas that need assistance, our Runners move about their space to get the job done. They are critical to ensure smooth operations throughout the entire hotel.

No matter what position you are in, there are a few things that are critical to success – ensuring a safe work place, following company policies and procedures, maintaining confidentiality, upholding quality standards, and ensuring your uniform, personal appearance, and communications are professional. Runners will be on their feet and moving around (stand, sit, or walk for an extended time; move through narrow, confined, or elevated spaces as well as up and down stairs and/or service ramps), ensure they have what they need to do their work (read and visually verify information in a variety of formats, including small print; visually inspect tools, equipment, or machines), and taking a hands-on approach to work (move, lift, carry, push, pull, and place objects weighing less than or equal to 55 pounds without assistance; reach overhead and below the knees, including bending, twisting, pulling, and stooping). Doing all of these things well, and other reasonable job duties as requested, is critical for Runners – to get it right for our guests and our business each and every time.
