Responsibilities

In coordination with the GSI MEA Sales & Tendering Cluster Directors and with the account directors, and thanks to continuous collection of information and interaction with the market stakeholders (GE others businesses especially but not limited to Power Conversion, customers, macro-economics, etc.) he/she gets a comprehensive and structured view of the Industrial market in MEA, its segmentation, its volume, and its trends.

Based on this market knowledge, under the leadership of the GSI Sales & Tendering

Leader, he/she contributes to the definition of a vision and a strategy to maximize profitable growth for GSI on the Industrial market, influencing market and customer trends, proposing disruptive business models and solutions to increase GE value added to the market.

He/she supports the GSI Sales & Tendering Leader to translate the validated Industrial Commercial vision and strategy into concrete commercial action plans, including pro-active contribution to the definition of Commercial Strategy(ies) on the Industrial tenders developed by the Region.
