Description:

The Habitats Director provides leadership for the Habitats team which includes Animal Life Support Systems (ALSS), Water Quality (WQ), and Dive operations disciplines in support of SeaWorld Yas Island multi-species animal habitats.

This position leads and develops WQ and Dive operations colleagues; oversees departmental budgets, anticipates equipment needs in support of habitat capital improvements and retro-fits, as well as habitat and ALSS design and planning for capital

expansion projects.

Job Responsibilities:

Leads, supports, and coordinates all habitat-based requirements and standards for

SeaWorld Abu Dhabi

Develops the team and colleagues

Advances high standards of habitat requirements that meet or exceed all professional zoo and aquarium

accreditation standards

Job Requirements:

Bachelor's Degree, or an equivalent combination of experience and education related to water/environmental sciences, engineering or water and wastewater treatment.

10 years of experience in marine mammal life support systems in a zoo, aquarium, or oceanarium setting

5 years of experience in a Zoological leadership position

5 years of experience in the development and oversight of zoological budgets
