Company: GEMS Education

Location: Dubai

Category: healthcare-practitioners-and-technical

Job Description

Due to the continued success of GEMS Founders School, Dubai. We are seeking an enthusiastic and dedicated Head of Computing and E-Learning - Secondary lead our passionate team of educators in our Computing department.

This is a fantastic opportunity for experienced teachers to take the next step in their career with a global leading company and within a world-class International School located in the heart of Dubai.

Teaching at GEMS is not just a job, it's a career. Our teachers enjoy free access to leading CPD programmes and have the opportunity to grow with the company on a global scale. As part of our commitment to developing our teachers, Graduate teachers will benefit from our accreditation with British Schools Overseas and enrollment to our NQT programme; while our more experienced teachers are in a unique position to consider career opportunities across the world - especially as we expand into more and more countries. GEMS teachers are at the forefront of opportunities for growth and development; with most of our leaders coming from within the GEMS network of schools.

As well as being a great place to work, Dubai is a vibrant, cosmopolitan, rapidly expanding city where the sun shines all year round. Teachers in Dubai enjoy an exciting lifestyle, with

opportunities for new and exciting leisure activities and travel across the region and further afield!

We are looking for an outstanding, innovative leader to join the GEMS Founders Family. The successful candidate will play a key role in the Senior Leadership Team.

Key Responsibilities

Lead, mentor, and support a team of Computing teachers to ensure high-quality teaching and learning.

Monitor and assess student progress, providing timely intervention and support as needed.

Collaborate with other department heads and school leadership to promote a cohesive educational experience.

Foster a positive and inclusive learning environment for all students.

The successful candidate will have:

A B.Ed or subject related degree and PGCE / PGDE or equivalent

Proven experience of teaching Computing at key stage 3, 4 and 5

The ability to share your outstanding practice

A creative and enthusiastic approach both in and out of the classroom

Excellent IT and interpersonal communication skills to work closely with students and parents
