

United Arab Emirates Jobs Expertini®

Head of DeFi

[Apply Now](#)

Company: Enya Labs

Location: United Arab Emirates

Category: healthcare-practitioners-and-technical

About us Enya Labs contributes to the Boba Network, a multi-chain Layer 2, aiming to scale the Web3 ecosystem by making it cheaper, faster and smarter. Boba Network supports Ethereum and BNB Chain as scaling solutions for developers creating games, DeFi, NFT projects, and innovative blockchain solutions. Its unique hybrid compute technology allows developers to build dApps invoking code executed on web-scale infrastructure, enabling complex algorithms beyond on-chain capabilities. The opportunity As Head of DeFi, this role offers a career defining opportunity for you to come in and play a crucial part in driving the growth and success within the DeFi ecosystem on Boba Network. You will also be leading a team where you will collectively make valuable contributions to Enya Labs and the wider network. What you will be doing Building and executing strategies to cultivate a thriving DeFi ecosystem on Boba Network. Identify and bring on board new projects that enhance the Boba Network's ecosystem Monitor and analyse DeFi trends and competitive dynamics, sharing insights with the team whilst collaborating with leadership Lead negotiations, secure partnerships and own relationships with DeFi projects and liquidity providers. Participate in events as an advocate for Boba Network What you will need A successful track record in project onboarding and driving web3 ecosystem expansion. A deep understanding of DeFi with hands on experience (inc protocols, airdrop farming, market making and liquidity provision) with a solid network in the space An advanced understanding of business development strategies, relationship management, and the ability to implement partnership campaigns About you Curious explorer of the evolving technology within the web3 ecosystem Clear communicator who can express complex ideas and envisage solutions Flourishes in a

distributed environment, with the ability to strengthen and build relationships across the DeFi community Independent yet collaborative leader who continuously loves to share knowledge while remaining committed to ongoing learning themselves What's in it for you Remote-first company with company off-sites at industry events Flexible, dynamic environment within a diverse international team The scope to create and build high-impact work that makes a difference in the web3 ecosystem and blockchain industry as a whole Attractive compensation package with a token allocation Time off to rest, recharge, and be your best Remote-First Workplace : Enya Labs is a remote-first company with a globally distributed workforce. We embrace the flexibility and advantages of remote work, allowing our team members to collaborate from anywhere in the world. We come together virtually every other Monday to connect, align, and foster a sense of unity. In addition, we offer flexible work hours, empowering our employees to arrange their schedules in a way that best suits their needs and promotes work-life balance. At Enya Labs, we value the diverse perspectives and contributions of our team, regardless of geographical location, and leverage the power of technology to create a dynamic and inclusive work environment. GDPR : Enya Labs is committed to ensuring the security and protection of the personal information that we process, and to providing a compliant and consistent approach to data protection. If you have any questions related to our GDPR compliance, please review our Privacy Policy or contact our Data Protection Officer to make a Data Subject Access Request. Enya Labs participates in E-Verify. More information is available here . Enya Labs is committed to diversity, equity, and inclusion. We strongly encourage applications from all qualified candidates, and we do not discriminate based on race, color, national origin, age, religion, marital status, gender, sexual orientation, gender identity, gender expression, military or veteran status, disability, or any factors prohibited by applicable law.
