

Health & Safety Officer (EHS) UAE Nationals

[Apply Now](#)

Company: Antal International

Location: ajman

Category: other-general

Job Description

Conducting risk assessments: Identifying and evaluating potential hazards and risks on campus, and implementing measures to mitigate or eliminate them.

Conducting environmental assessments: Identifying and evaluating potential environmental hazards and risks on campus, such as air and water pollution, hazardous waste disposal, and chemical spills, and implementing measures to mitigate or eliminate them.

Implementing safety policies and procedures: Ensuring that policies and procedures that promote a safe work environment are up-to-date and confirm their compliance with relevant regulations and standards.

Coordinating training and awareness: Educating students, employees and contractors on safety procedures, emergency response plans, and other aspects of the occupational health and safety program.

Conducting EHS audits and inspections: Regularly inspecting the campus to identify potential hazards, and making recommendations for improvement.

Investigating accidents and incidents: Conducting investigations into workplace accidents, incidents, and near-misses to identify the root cause and prevent similar occurrences in the future.

Maintaining records and documentation: Keeping accurate records of safety training, inspections, incidents, and other safety-related data.

Promoting safety and sustainability culture: Fostering a culture of safety and sustainability on campus by promoting safety awareness and sustainable practices, encouraging student and

employee participation, and recognizing safety achievements.
