Interior Architect

[Apply Now](#)

Company: Mozaic

Location: Abu Dhabi

Category: healthcare-practitioners-and-technical

Company Description

Mozaic is a company that believes in thinking about new ways of living. We don't just design space, we go beyond that. Our approach is to look at spaces from multiple perspectives and create holistic solutions for living spaces. We bring together innovative ideas and top-notch solutions, all rolled into one captivating package.

Role Description

We are seeking a skilled and experienced Interior Site Architect to join our team. The ideal candidate will be responsible for overseeing the execution of interior design projects from the initial planning stages through to completion, ensuring that designs are implemented according to specifications, within budget, and on schedule.

Key Responsibilities:

Collaborate with interior designers, clients, and construction teams to understand project requirements and objectives.

Translate interior design concepts into detailed, practical site plans and specifications.

Oversee the construction or renovation process, ensuring compliance with design specifications and quality standards.

Coordinate with contractors, suppliers, and other professionals to ensure timely delivery of

materials and services.

Conduct regular site inspections to monitor progress and address any issues or discrepancies in the implementation of design plans.

Manage project timelines and budgets, providing regular updates to clients and stakeholders.

Ensure adherence to all relevant building codes, health and safety regulations, and environmental standards.

Facilitate effective communication among all parties involved in the project.

Provide technical guidance and support to the construction team, resolving any design or construction challenges.

Prepare and maintain all necessary documentation, including construction drawings, contracts, and progress reports.

Qualifications:

Bachelor's degree in Architecture, Interior Design, or a related field.

Proven experience as an Interior Site Architect or a similar role in interior design projects.

Strong understanding of construction processes, materials, and industry standards.

Proficiency in design software (e.g., AutoCAD, SketchUp, Revit).

Excellent communication, project management, and problem-solving skills.

Ability to work collaboratively in a team environment.

Attention to detail and a commitment to high-quality work.

We Offer:

Opportunities for professional development and career growth.

Dynamic and creative work environment.

Candidates who meet these qualifications and are passionate about interior design and architecture are encouraged to apply.
