

Interior Designer

[Apply Now](#)

Company: Go-To Outsourcing

Location: Dubai

Category: healthcare-practitioners-and-technical

Job Description:

As an Interior Designer, you will play a pivotal role in the conceptualization, design development, and implementation of interior spaces for a major project undertaken by a leading Energy Group in Dubai. You will collaborate closely with architects, engineers, and other stakeholders to ensure that interior designs align with project requirements, industry standards, and client expectations.

Key Responsibilities:

Conceptualization and Design Development: Develop innovative and functional interior design concepts that reflect the project's objectives, aesthetic preferences, and brand identity of the Energy Group

Space Planning: Utilize your expertise in space planning to optimize interior layouts, ensuring efficient utilization of space while adhering to regulatory guidelines and building codes

Material Selection and Specification: Source and select appropriate materials, finishes, furniture, fixtures, and equipment (FF&E) in alignment with the project's budget, sustainability goals, and design vision

Visualization and Presentation: Produce high-quality 2D and 3D renderings, mood boards, and presentations to effectively communicate design concepts to stakeholders, clients, and project teams

Collaboration and Coordination: Work closely with cross-functional teams including architects, engineers, contractors, and suppliers to integrate interior design solutions seamlessly within the overall project framework

Documentation: Prepare detailed design documentation, including drawings, schedules, specifications, and procurement documents, to facilitate the execution and implementation of interior design elements

Quality Assurance: Conduct regular site visits and inspections to ensure that interior installations comply with design specifications, quality standards, and project timelines

Client Liaison: Foster strong relationships with clients, addressing their feedback, concerns, and design preferences throughout the project lifecycle to ensure high levels of client satisfaction

Qualifications and Skills:

Bachelor's degree in Interior Design, Architecture, or related field

Proven experience in interior design projects, preferably within the commercial or corporate sector

Proficiency in industry-standard design software such as AutoCAD, SketchUp, Revit, and Adobe Creative Suite

Strong knowledge of interior design principles, building codes, and regulations

Excellent communication, presentation, and interpersonal skills

Ability to work effectively in a collaborative, fast-paced environment

Flexibility to adapt to changing project requirements and deadlines

Prior experience working in the UAE or the Middle East region is advantageous

Fluent in English; proficiency in Arabic is a plus
