Company: Chemical

Location: dubai

Category: other-general

International Conference on Chemical Science and Chemical Engineering (CSCE) April 6-8, 2021 | UAE International Conference on Chemical Science and Chemical Engineering (CSCE) is going to held in Dubai during April 06-08, 2021. CSCE Dubai 2021 gathers a group of people from various departments of Chemistry to share their research ideas and knowledge of specific techniques involved in Chemistry. The entire world is focused on learning about Chemistry especially Analytical Chemistry, Organic Chemistry, Food Chemistry, Biochemistry and its benefits. This Conference in Dubai creates a stage for Researchers, Scholars and Students to exchange their ideas in Chemistry and Chemical Engineering. This conference in Dubai will be a center of attention for all the professionals of Chemical Engineering and Chemical Science. The theme of the conference is Recent Trends & Advances in the field of Chemistry mainly Analytical Chemistry, Organic Chemistry, Food Chemistry, Biochemistry and other departments. Don't miss our technical presentations on robotic bottle testing for demulsifiers and high-temperature scale inhibiting treatment fluids at the Chemistry in the Oil Industry XVIII, a Royal Society of Chemistry event. The global plastics industry has been navigating through what is arguably the most volatile period in decades. Unprecedented amounts of new production capacity are scheduled to start in North America, Europe, and China in the near term and compete for demand during a period of economic challenges. Under the banner of our flagship diamond open access journal, Chemical Science, we'll be shining a spotlight on cutting-edge chemistry research and giving it the sort of attention that drives scientific progress and makes a difference. The 73rd Annual Canadian Society for Chemical Engineering Conference (CSCHE 2023) will be held in Calgary,

Alberta, from October 29 to November 1, 2023. The conference theme is: "Transitions: Materials, Energy, and the Environment".
