iOS Engineer Jobs in Abu Dhabi | ADIB Careers

### Job Responsibilities:

Working with multiple teams and business stakeholders and delivering state of the art digital experience through intuitive, robust and delightful user experience on iOS platform.

Advocate for improvements to product quality, security, and performance that have particular impact across your team and others.

Solve technical problems of the highest scope and complexity for your team.

Exert significant influence on the overall objectives and long-range goals of your team.

### Job Requirements:

10+ years of software development experience with strong mobile application development or iOS framework development.

5+ years of experience in designing and delivering high rated enterprise mobile apps.

Certification in Mobile development technologies or enterprise application technologies is a big plus.

Expert knowledge of the Apple ecosystem (everything from UIKit animation and navigation stacks down to Keychain and Operation Queues)
