Company: Oryx Design

Location: Dubai

Category: healthcare-practitioners-and-technical

Oryx Design LLC is a leading joinery factory specializing in the production of high-quality joinery solutions for both commercial and residential properties. With a commitment to craftsmanship and precision, we deliver customized products that meet the unique needs and expectations of our clients.

**Job Description:** We are seeking a highly experienced and motivated Joinery Factory Foreman/Supervisor to oversee our production operations of all kinds of kitchen cabinets, wardrobes, doors & tables. The ideal candidate will have a strong background in joinery manufacturing, a keen eye for detail, and proven leadership skills. They must be able to manufacture all kinds of kitchen cabinets, wardrobes as per given designs and finishes.

### **Responsibilities:**

Supervise and lead a team of joinery craftsmen in the production of commercial and residential joinery products.

Ensure adherence to quality standards, production schedules, and project timelines.

Collaborate with the production manager to plan and organize workflow to meet customer demands.

Train, mentor, and motivate team members to achieve high levels of performance.

Conduct regular inspections to ensure the quality and precision of joinery products.

Have knowledge in the latest manufacturing methods and machineries

Oversee the maintenance and calibration of joinery machinery and tools.
